

7/6/2020

Hi David,

I just wanted to reach out to let you know we are very pleased with your product and how they have been working on our construction site. We put these at the entrance of each wind turbine site to store our crews' safety task analysis (STAs), any applicable permits and other relevant paperwork at each site. Your boxes have proven durable and keep the elements out, which is exactly what we were looking for. As we continue to land wind projects I believe you will be seeing more of these ordered as they become a standard on these types of projects. Thanks again, I hope you have a great 4th of July weekend.

Best regards,

Joe Fassbender
Project Engineer
